

**1st IAA AFRICAN SYMPOSIUM ON SMALL SATELLITES**  
11-14 MAY 2020 | STELLENBOSCH | SOUTH AFRICA

*Space for Sustainable Development in Africa*

**Postponement of 1<sup>st</sup> IAA Africa Symposium on Small Satellites**

Committed to the health and safety of our participants, speakers, exhibitors and conference employees, **the IAA Africa Organising Committee has made the difficult decision to postpone the 1<sup>st</sup> IAA African Symposium on Small Satellites, which was scheduled to take place from the 11-14<sup>th</sup> of May in Stellenbosch, South Africa.** While this will come as a disappointment to many, this decision was made as a precautionary measure to ensure the wellbeing of all participants given the ongoing threat of CoV-19. **The 1st IAA African Symposium on Small Satellites will now take place from the 10<sup>th</sup>-13<sup>th</sup> of May 2021.** Speakers will be contacted directly by the IAA Africa conference organisers to discuss next steps regarding abstract submissions.

We would like to offer current Registrants, Sponsors and Exhibitors the option of keeping their bookings secured for the 1st IAA African Symposium on Small Satellites 2021, or alternatively request a refund from our account manager:

Fazlin Anthony

Email: [fazlin.anthony@grosvenorconferences.com](mailto:fazlin.anthony@grosvenorconferences.com)

We apologise in advance for any inconvenience that this postponement may cause, and should you have any further concerns, please feel free to contact our conference organiser on:

Project Manager: Zelda Coetzee

Email: [zelda@zeldacoetzee.com](mailto:zelda@zeldacoetzee.com)

**In the interim, we wish you good health and look forward to hosting you in 2021.**

Sincerely,

**Mr. James Barrington-Brown**

Chairman of the Local Organising Committee  
1<sup>st</sup> IAA African Symposium on Small Satellites
